SUB

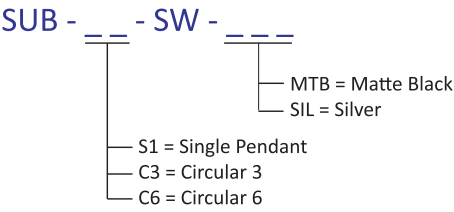

pendant light

The Sub Pendant boasts a minimalist profile and emits a soft, warm glow. A continuous line of LED light wraps around the entire piece, allowing this pendant to function as both a task light for worksurfaces and ambient light for ceilings. The Sub is compatible with many ELV wall dimmers. Available as a single pendant or circular configuration of multiple lights, the Sub complements rather than obstructs the aesthetic of its surroundings.

Red Dot Design Award 2019

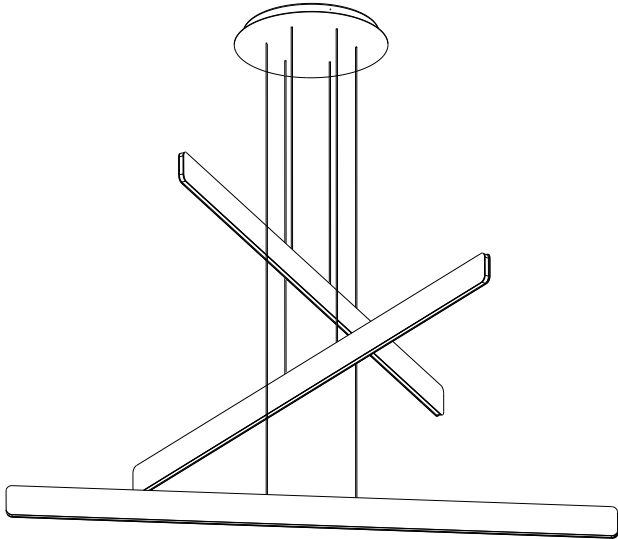

Lumens:	2000 per pendant
Energy Consumption:	48 W per pendant
Rated Lifespan:	50,000 hours
Color Temperature:	Soft Warm (3,000 K)
Color Rendering Index (CRI) :	90+
Brightness Adjustability:	Compatible with ELV wall dimmers
Material:	Aluminum, plastic
Safety Rating:	C-UL-US Certified
Warranty:	5 years
Voltage:	120 V
Standard Finishes:	Matte Black, Silver
Cord:	10 ft; matches respective body finish

Potential LEED Points

Integrative Process (Possible 2 points)

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems. Konzept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting (Possible 2 points)

To promote occupants' productivity, comfort and well-being by providing high-quality lighting. Konzept's portable task lighting products provide more than three lighting levels that occupants can easily adjust to suit their needs. Users can achieve dimming control for most hardwire lighting products by implementing standard ELV dimmers. Furthermore, all Konzept lighting products use high quality LED light sources with CRI over 80 (over 90 for hardwire products) and L70-rated lifespan over 50,000 hours. Desktop and task personal lighting also provide the opportunity to reduce overhead lighting.
