

Enrich the Walls with Light

## ramen

wall sconce

*Designers*  
Kenneth Ng & Edmund Ng

Ramen is a playful circular sconce suitable for indoor or outdoor use. At either 9" or 12" in diameter, the magnetically-attached face plates are interchangeable. Users can easily customize to complement the surrounding decor, or just for the sake of an aesthetic change. Ramen's bowl-shaped body emits 360° of beautifully diffused light.

### Potential LEED Points

**Integrative Process** *(Possible 2 points)*  
*To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.*  
 Konzept’s LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

**Interior Lighting** *(Possible 2 points)*  
*To promote occupants’ productivity, comfort and well-being by providing high-quality lighting.*  
 All Konzept’s task lighting products provide more than three lighting levels that are easily adjustable by occupants to suit their needs. Furthermore, all Konzept’s task lighting products use high quality LED light sources with CRI over 80 and L70 rated lifespan over 50,000 hours. Desktop and task personal lighting also provides the opportunity to reduce overhead lighting.
